CF10 4EB

Dear Mrs Warren

Thank you for your donation of £1562.00 being your chosen charity as Retiring Chairman. Thank you for thinking of us.

Each year the Jubilee Sailing Trust sends hundreds of people to sea on LORD NELSON and TENACIOUS all with the same aim – to sail together as one team regardless of abilities.

Each member of the voyage crew gets something different from the voyage and for this reason it really can be 'the experience of a lifetime'.

Your continued support enables us to carry on this work and receive feedback from voyage crew such as:

"Our experience with sending both buddies and people with disabilities on trips with JST has been life altering. The feedback from people with disabilities has been that they achieved things they never thought possible. To some this meant just spending time away from home 'alone'. To others, being part of a team where their contribution was valued – indeed the ship would not sail without them – was a feeling they either had never had, or felt they would never experience again. The physical activity was challenging and again – was something many thought they would never be able to achieve with their disability. All came back having had a great time, made new friends, and with a feeling that life's challenges would not seem so great again! Some have gone on to achieve other goals and some have set themselves goals to achieve they would not have done before. Our thanks go to JST for making this possible……..

Helen Winchurch – Manager Echo Centre

Thank you again for your continued support of the Jubilee Sailing Trust.

Yours sincerely

Sarah Staines
